Incredible Wedding Planner

Elle was truly amazing in helping us organise our wedding: she played a pivotal role to ensure our wedding day went smoothly. She managed to rectify issues promptly and efficiently. She truly made the wedding an amazing and special day.

Wedding couple '23

Do not hesitate to book Elle!

Elle coordinated our wedding on the 1st of September and I could not recommend her highly. If I could do it all again I would have booked her to plan the whole thing to save myself mountains of stress!

Having Elle coordinate our day meant I could fully relax - I felt like a guest at my own wedding! I knew that Elle knew exactly what was happening, when it was happening and was in contact with all of my suppliers. She is an absolute angel to have around - so calming and willing to do anything she can to help.

Overall, I would highly recommend Elle and will be telling all of my friends to book her!!

Our event was a great success and I put that down to Elle!

There were multiple suppliers to co-ordinate plus a large guest list, and she made the whole experience feel totally effortless.

It is such a relief to find some one who is always two steps ahead when it comes to event planning, Elle allowed us to truly enjoy the event and celebrate with our guests.

Simply the best event planner we have ever worked with - troubleshooting without us even realising, superb people skills and a calm demeanour at all times.

Thank goodness you took over!

Your ability to keep everything under control in such a calm fashion, has been amazing. We were so impressed, and grateful, that everything could be left to you to oversee! The day itself ran absolutely perfectly, meaning that us parents could just relax and enjoy ourselves - it was a beautiful wedding.

Thank you so much!

My husband and I got married in Aug 2022 over the course of a week-long fusion wedding. Elle coordinated the most important day of all - our actual marriage day, involving an insane amount of professional management (people, parents, vendors, guests, and emotions) especially considering there were so many venues and hundred(s) of guests (St Benets Church, Trinity Hall, River Cam, and The Anchor on Silver St).

One of our key vendors fell through at the last minute and she literally saved the wedding by finding a replacement (who turned out to be way better than the original). I'm permanently grateful and we continue to be in awe of her miracle work.

It was a truly perfect wedding and it certainly couldn't have been - I wouldn't have had any peace of mind - without Elle.

Just wanted to thank you for all your hard work planning Katy & Kieran's wedding and putting it all into action last Saturday.

It all seemed to go seamlessly which I thought was all down to you.

I was very impressed.

Supplier '22-present

Collaborating with Elle has been an absolute pleasure over the past year. I am always confident she has everything under control or will provide a solution if a problem does occur.

Elle is always willing to go above and beyond expectations for her clients and suppliers to make sure they have the best possible experience.

I would highly recommend Elle to manage any event or plan a couple's special day.

Wedding guest '23

Well done for what was a glorious summer party last month. Your hard work and attention to detail really was appreciated - what a gorgeous and well-planned event.

Westminster College '23-present

Elle is the most organised and dedicated person I have ever met. Her ability to plan the most amazing weddings is second to none.

Elle has organised more weddings than she has had hot dinners - and since she is a huge foody, that's a lot! Elle doesn't leave a single stone unturned and knows all the questions to ask to ensure that every couple get exactly what they want.

She is personable and friendly and that, along with her amazing portfolio and experience, enables people to feel confident in her.

Not only is she able to plan every last detail so you know the day will run smoothly, Elle is a fantastic on-the-day manager.

She has a gift of keeping calm under pressure and your guests will never even notice all the plates spinning. I have full confidence in Elle and her wedding services.

I would, and do, recommend her to any couple who are planning to get married. She takes the stress out of planning and management of weddings and enables couples to enjoy their day and their love.

Cambridge Cookery School '21-22

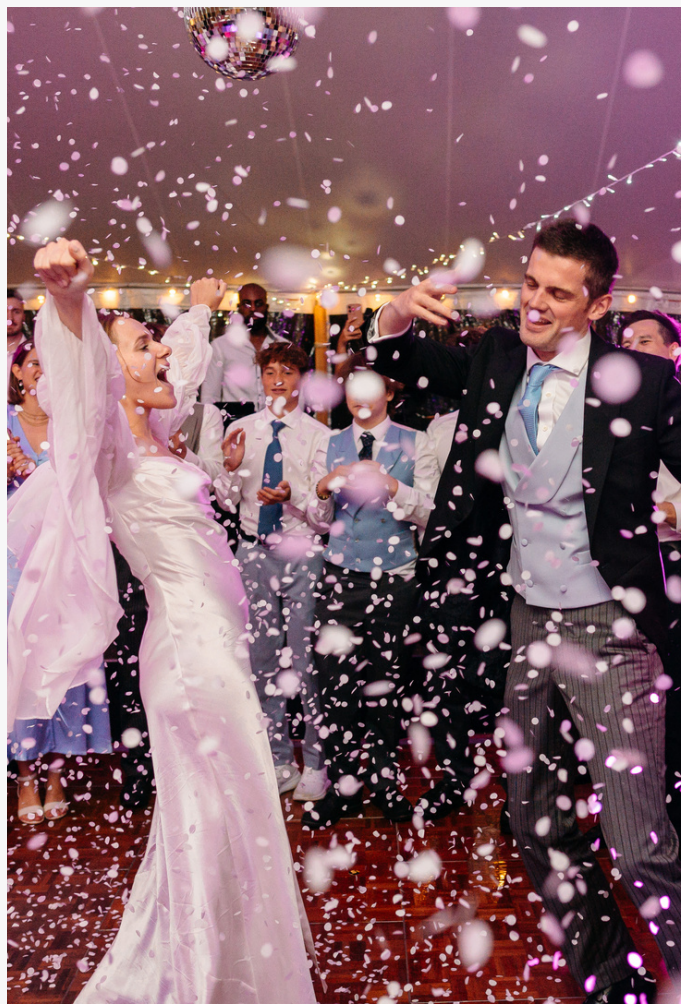

I have known Elle for just under a year, during which time she stepped in to manage front of house for my business during a short period of staff shortages here and also rented the venue from me to host a series of highly successful summer pop-up events.

Elle is a consummate professional with superb front of house and people skills. She is highly skilled within the areas of event planning and marketing, not least using social media.

When Elle launched her summer series of Pop-Up events, she filled the dates almost immediately, using efficient social media marketing and communication. Elle managed a series of free-lance chefs and freelance front of house teams with ease, running each unique pop-up with an assured hand and doing it with ease.
